Tribal Artisans

About

The products featured in the catalogue are manufactured by tribal artisans from various parts of India. Tribal art has been handed down over generations and reflects the rich cultural diversity and heritage of the country. To preserve this unique art form Ministry of Tribal Affairs, Government of India, and ASSOCHAM implemented a Tribal Entrepreneurship Development Project in 2020-21. The project focused on training tribal artisans from different states of India to help them find new markets for their products and learn new skills. The artists whose products have been shown in the catalog were trained under this unique initiative.
