

National Council for HR & IR Policies and Reforms

National Virtual Workshop

InnoHRvation

Transforming Work through Technology

Tuesday, 30 January 2024 | 3:00 PM - 5:30 PM

About Workshop

As we step into 2024, the HR and work culture landscape is undergoing a profound transformation fueled by technological advancements, demographic shifts, and an increased emphasis on employee well-being. HR professionals are at the forefront, spearheading innovative strategies to not only attract and retain top talent but also foster workplace cultures that champion diversity, innovation, and employee satisfaction. To navigate this evolving landscape successfully, HR professionals must embody agility, data-driven decision-making, and a people-centric approach, positioning organizations to thrive in the competitive global market.

In response to these transformative trends, this workshop led by experts emphasizes the importance of designing a digital HR strategy that enhances flexibility and engagement. Attendees will gain essential skills to design and deliver employee services that surpass the expectations of the workforce and address the current and future needs of the business. The virtual workshop further addresses critical challenges such as accelerating automation, enhancing organizational agility, promoting diversity and inclusion, and exploring new work arrangements. The workshop covers topics ranging from work design and automation to boundaryless work ecosystems, skills-based work, employee experience, and the evolving dynamics between workers, organizations, and society.

Recognizing the immense significance of this transformation, ASSOCHAM is hosting a National Virtual Workshop on **InnoHRvation: Transforming Work through Technology** on Tuesday, 30 January 2024 from 3:00PM-5:30 PM.

Focus Areas

➤ **Session 1: Agile HR Strategies for Tomorrow's Workforce**

(This session will explore how HR professionals can embrace agility in their strategies to adapt to the evolving workforce landscape of 2024. It will delve into the importance of flexibility, data-driven decision-making, and innovative approaches to attract and retain talent in a highly dynamic environment.)

➤ **Session 2: Tech-Driven Employee Experience: Navigating the Future Workplace**

(Focused on the trends of 2024, this session will address the integration of technology in shaping an enhanced employee experience. Topics will include the role of automation, boundaryless work ecosystems, and skills-based work in crafting a future-ready workplace that fosters engagement and satisfaction.)

➤ **Session 3: Inclusion and Innovation: HR's Role in Diverse Work Arrangements**

(This session will highlight the critical connection between diversity and innovation, emphasizing HR's pivotal role in promoting inclusive practices. It will explore strategies for managing diverse work arrangements, fostering a sense of belonging, and addressing the evolving dynamics between workers, organizations, and society in 2024.)

About ASSOCHAM

The Associated Chambers of Commerce & Industry of India (ASSOCHAM) is the country's oldest and most agile apex chamber, always evolving with the times ever since it was set up in 1920. The ASSOCHAM reaches out to and serves over 4.5 lakh members from trade, industry and professional services through over 400 associations, federations and regional chambers spread across the length and breadth of the country. It has built a strong presence in states, and also spread its wings in the key cities of the world.

With a rich heritage of being led by stalwarts of independent India, like JRD Tata, Nani Palkhivala, H.P. Nanda, L.M. Thapar, A.N. Haksar and Raunaq Singh, among others, the ASSOCHAM has shown the ability to transform itself to the contemporary Corporate India and of late has emerged as the 'Knowledge Chamber', leveraging the country's strength in the knowledge - led global economy. Be it education, health, manufacturing, banking-finance, international trade, energy, human resource, science and technology, entertainment or the rural landscape comprising agriculture and rural infrastructure, the ASSOCHAM has well- established National Councils in each of the segments, chaired by well-known industry leaders, academicians, economists and independent professionals. These councils deliberate extensively and share their inputs with the government.

ASSOCHAM is working hand in hand with the government, institutions of importance and national and international think tanks to contribute to the policy making process even as it shares vital feedback on implementation of decisions of far - reaching consequences. ASSOCHAM is truly an institution of eminence, ever contributing to the task of nation building.
