8th Annual Conclave Corporate Bond Market

“Policy Pathways to Strengthen Market Stability and Depth”

Friday, 19th September 2025 | Mumbai

OVERVIEW

India’s financial journey has undergone significant evolution over the past decade. The Indian capital market, particularly the corporate bond segment, is at a pivotal juncture, witnessing significant transformations and growth. Recent initiatives by SEBI have been instrumental in this evolution. The introduction of Bond Central, a centralized database portal launched in February 2025, significantly enhancing transparency and accessibility for investors. Efforts to encourage public bond issuance over private placements, simplified listing requirements and the formation of Online Bond Platform Providers (OBPPs) are democratizing access, even for retail investors.

ASSOCHAM is organising 8th Annual Conclave on Corporate Bond Market with the aim to discuss policy pathways to strengthen market stability and depth. ASSOCHAM’s 8th Annual Conclave on Corporate Bond Market serves as a crucial platform to explore these developments, discuss challenges and chart the future trajectory of the corporate bond market. It brings together policymakers, industry leaders, investors and experts to foster dialogue, share best practices and explore new opportunities.

The ASSOCHAM 8th Annual Conclave on Corporate Bond Market is a way to inclusive growth and sustainable development as well as innovative approaches to creating value for society and business together.

Earlier editions of the ASSOCHAM 8th Annual Conclave on Corporate Bond Market had received an overwhelming response from the industry, in creating a vibrant platform for encouraging dialogue between policy makers, regulators and industry stakeholders.
