

ASSOCHAM Global IP Conclave (AGIPC) 2026
Reimagining India's IP Future: The Next Leap to Global Leadership
6 May 2026 | Hotel The Lalit, New Delhi

Powered by
Qualcomm

In an increasingly knowledge-driven global economy, intellectual property (IP) has emerged as a critical pillar of innovation, competitiveness, and economic growth. India with its expanding innovation ecosystem, dynamic startup landscape, and growing R&D capabilities stands at a pivotal moment in its IP journey.

India has made significant strides in strengthening its IP framework through policy reforms, digitization of IP offices, improved enforcement mechanisms, and increased awareness. However, as global innovation intensifies, the need to align India’s IP ecosystem with international best practices and to elevate its global standing has become more pressing than ever.

ASSOCHAM Global IP Conclave (AGIPC) 2026 under the central theme *“Reimagining India’s IP Future: The Next Leap to Global Leadership”* is a pivotal platform to deliberate on building a future-ready, globally aligned IP ecosystem that supports innovation, strengthens protection mechanisms, and accelerates economic growth.

The Conclave aims to bring together distinguished leaders from government, industry, academia, and the global IP community to deliberate on strategies for strengthening India’s intellectual property ecosystem and advancing its position on the global stage.

WHY AGIPC 2026?

THE CATALYST OF CHANGE

Learn	Gain Insights from IP Titans on AI, Cloud and NLP
Connect	Network with Global IP Heads and Innovators across tech and life sciences
Innovate	Master Trends like AI-Driven Innovation & IP Automation

Expected Audience Breakdown for AGIPC 2026	10+ International Speakers 30+ Industry Speakers 200+ Delegates
---	--

ENRICHING KEYNOTES

Frontiers of Innovation: Navigating IP in Emerging Technologies

- IP implications of AI-generated inventions
- Protecting IP in biotech, green tech, and digital assets
- Anticipating IP challenges in frontier technologies

Innovation, IP & India’s Competitive Edge on the Global Stage

- IP as a driver of national economic growth
- Intellectual capital in global competitiveness
- Policy levers to boost innovation-led GDP contribution

From Patent to Prosperity: Commercializing Innovation in India

- Leveraging IP as a strategic business asset
- Licensing, monetization, and IP-backed financing
- Startups and SMEs scaling through IP

Global Perspectives on IP: Aligning India with World-Class Standards

- Emerging global IP standards
- Lessons from leading IP jurisdictions
- Cross-border collaboration and enforcement

SECTOR SPECIFIC KNOWLEDGE LEADERSHIP

Technology & Digital Economy

- Patenting Software & Deep Tech: Navigating Global Standards
- IP in the Digital Economy: From Code to Commercialization

Life Sciences, Pharma & Biotech

- Biotech Breakthroughs and Patent Strategies in a Globalized World

Green Tech & Sustainability

- Green IP: Protecting Innovation in Clean Energy and Climate Tech

TARGET PARTICIPANTS

- Government officials and policymakers
- Industry leaders
- Startups and entrepreneurs
- IP professionals, legal experts, and consultants
- Academia and research institutions
- International organizations
