National Conference

REAL ESTATE FOR VIKSIT BHARAT

*Enabling Growth, Investment &
Ease of Doing Business*

8th September 2026 | Hotel The Leela Palace, New Delhi

BACKGROUND

India's real estate sector has emerged as a key pillar of the nation's economic growth, driven by rapid urbanization, expanding infrastructure, and rising demand for quality residential, commercial, and industrial assets. As one of the country's largest employment-generating sectors, it contributes significantly to GDP while promoting inclusive development across urban and peri-urban regions. Under the visionary leadership of Hon'ble Prime Minister Shri Narendra Modi and guided by the vision of Viksit Bharat 2047, the Government of India has introduced transformative initiatives such as the **Pradhan Mantri Awas Yojana (PMAY)**, **Smart Cities Mission**, **Atal Mission for Rejuvenation and Urban Transformation (AMRUT)**, and the Real Estate (**Regulation and Development**) Act (**RERA**). These landmark reforms have enhanced transparency, expanded access to affordable housing, strengthened urban infrastructure, improved investor confidence, and fostered a more accountable, efficient, and future-ready real estate ecosystem.

The **National Conference on Real Estate for Viksit Bharat: Enabling Growth, Investment & Ease of Doing Business** aims to serve as a premier platform for policy dialogue and stakeholder engagement on the reforms required to unlock the sector's full potential. The conference will deliberate on strategies to enhance the ease of doing business by streamlining approval mechanisms, promoting single-window digital clearance systems, leveraging technology-enabled governance, rationalizing regulatory compliances, and accelerating project execution. It will also examine emerging priorities, including sustainable urban development, technology, PropTech adoption, innovative financing models, resilient infrastructure, and investment facilitation, with the objective of positioning India as a globally competitive, investment-friendly, and future-ready real estate destination.

ASSOCHAM remains committed to fostering constructive engagement among policymakers, regulators, industry leaders, developers, financial institutions, urban planners, and technology experts to advance policy innovation, encourage investment, and support sustainable urban transformation. The conference will provide a collaborative platform for developing actionable recommendations that strengthen public-private partnerships, improve project delivery, facilitate regulatory reforms, and enhance the competitiveness of India's real estate sector. The deliberations are expected to contribute meaningfully towards building a transparent, resilient, and globally benchmarked real estate ecosystem, aligned with the national aspiration of Viksit Bharat 2047.

KEY FOCUS AREAS

- **Viksit Bharat 2047: Enabling Policy Reforms, Ease of Doing Business & Transforming Real Estate Growth**
- **Real Estate as a Growth Engine for India's \$10 Trillion Economy: Role in Achieving Viksit Bharat 2047**
